LIVINGSTON (AP) — Elizabeth Clare Prophet, leader of the Paradise Valley-based Church Universal and Triumphant, said Park County residents have misunderstood the religious sect's use of decrees and a list of names of people involved in issues related to the church's activities in Montana.

Prophet, known as Guru Ma or Mother to her followers, said the decrees are prayers not about people, but to spirits who direct the

people who have dealings with the church.

It was revealed Wednesday that CUT has a list of nearly 200 names of people in government and media, and Park County residents who have had involvement with CUT.

One Livingston resident, Marie Mar, termed the list a "hit list," saying the church members used the names in decrees, or chants.

Some Livingston residents interviewed Thursday said they doubt

that the decrees are designed to hurt anybody, but are afraid a church member might misunderstand the decrees and decide to do more to those people on the list.

Prophet said the church has been using the decrees since it began in 1958 — and that there has never been a single act of violence by a church member.

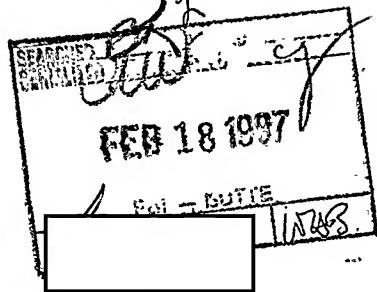

She said that in addition to the people on the lists, church members say decrees or prayers for them.

Dear Sir:

Enclosed is a copy of some papers I received yesterday that were referred to me as a "hit-list" of persons and organizations considered dangerous to a cult group known as the Church Universal & Triumphant that recently located near Gardiner, Montana.

My name is printed upon this list and I was told that the list has been in existence for about one and one-half years.

At first glance I tended to laugh and threw it aside. After some thought however, one can never really know when some of these cult members are going to cease their hate chants and begin an active movement to remove those persons considered to be enemies of their organization.

Because some of the names listed are State and Federal elected officials and any attack upon these persons would generate a large amount of publicity, I am sincerely concerned. You may want to notify the appropriate State and Federal security agencies of this situation.

Should you deem it necessary to address this matter with an investigation, feel free to contact me at any time.

Yours truly,

My Christian Brothers & Sisters:

I would like to have talked to each of you personally, but unfortunately, I am but one hand-maiden of the Lord, fighting what seems to me to be a lonely and sometimes hopeless battle. Therefore, I hope that you will forgive this form letter.

Although I have known that these things existed in Church Universal & Triumphant, I had never seen one until today, when one inadvertently fell into my hands. It is a CUT "Hit List" for the state of Montana and most particularly for Park County. In that you can see the total fanaticism of this organization, I have copied the extensive list for you. You will see yourselves, and most assuredly, several of your church members on the list.

What does it mean? It means that for 24 hours a day, there is someone in Church Universal & Triumphant doing "decrees" against these people which invoke the powers of Hell. Their decree methods, for those of you who have never heard one, are high speed chants said so fast that they take on a rhythm much like that of an auctioneer or square dance caller, so fast that it's impossible for a listener to understand the words. I have been accused of speeding up my tape recorder when playing these decrees for various people. Their form can be found in the "Necronomicon", one of many Satanic Bibles. They all begin with I AM, transferring the name of God to the individual saying them. They call for fire and lightening as "blue lightening bolts", "burn", "blaze" and "consume", and they call on such entities as "Omri-tas". Having studied theology, most of you should readily recognize Omri, the father of Ahab of the pagan worship of Baal who did duel with Elijah over whose god was more powerful in a test of fire and water. Of course, Elijah won as God sent fire from the Heavens to ignite his water soaked wood. In Satanic worship, everything in the Bible is reversed. Omri-tas in CUT is called upon to "hurl violet flame balls into the earth" in the name of the "Mighty I AM Presence". Cultic groups take their "religion" seriously. If only we could have such zealous activity from Christians. CAN WE??

A few months before his death, my precious friend and pastor, Father Dave Bielefeld, quietly slipped a book into my hand at mass one night and whispered to me, "read it". The name of the book was "Once More Around Jericho". For those of you unfamiliar with it, it is the story of "U.S. Vision for World Mission" and the struggle of a small group of Christians recently returned from the missionary field to purchase the Pasadena College Camp in California. They had no money at all and were up against another group of people who also wanted the campus and who had already raised hundreds of thousands of dollars towards the purchase price in the millions. The name of the other group was "Summit Lighthouse" very soon to become Church Universal & Triumphant. It's a story not only of fund raising, but the deep faith of a handful of devoted Christians in the power of prayer, who weren't too proud to lay prone on their faces before the Lord and seek His intercession and who weren't afraid to confront CUT when it became necessary. Their triumph was over-whelming as they raised around \$2,000,000 in just a couple of months, persuading the owners of the campus to give them extensions and extra time to purchase the property out from under Church Universal & Triumphant, while all the while they could hear the "decrees" of CUT against them from across the courtyard, as they shared the campus with them. They are convinced that they were victorious only with God's help. Because I have seen Church Universal & Triumphant in action and have seen what I believe to be results of some of their decreeing, I am also convinced that only God gave "World Mission" it's victory.

Raised in the Evangelical United Brethren Church by my saintly grandmother and later converting to Catholicism, I believe strongly in the powers of Satan. Doesn't the Word tell us that Lucifer and his angels were thrown from the Heavens. I believe that his worshippers and even people who do not realize they are his servants can call up his powers and his angels, and if they are not countered with the power of God in equal manner, they will prevail

I'm afraid that I have also been one of Satan's servants to a certain extent. Letting human ego take over my soul and good judgement, I've thought that I could stand alone, and that God even wanted me and others to fight this battle for Him, not one giving consideration to the fact that He would like to help us if only we'd ask. It wasn't until the "Hit List" with it's blaring reality was pushed under my nose that I realized what Father Dave, in his soft, quiet manner, was trying to tell me.

We are being accused, as a Christian community, by Church Universal & Triumphant of being "religious bigots", saying "prayers of malintent" and "making calls to Jesus to destroy the messenger's activity" and that our prayers are causing "chaos, confusion, accidents, and problems with the head, feet, hands and spleens" of the members of CUT. This they reason, proves that they are the "chosen ones" fulfilling the prophecy "you will be despised of men". In using these kinds of tactics of psychology on her membership, Elizabeth Clare Prophet, convinces them that they need to decree against us day and night, and fosters hatred for anyone outside her "ascended master activity". What worries me the most is that there is the possibility of an unstable member of CUT to carry this hatred and paranoia beyond the decreeing stage. We've already seen an example of such a person in the woman who attempted to keep people out of the Murray Lounge because "God told her to".

Can we have an organized prayer effort in Park County, carried out quietly and efficiently in our churches? We need more than the scattered forces that we have now of people praying here and there when they happen to think of it. I'm not asking that we wish harm to come to CUT or any of it's members. Ironically, they are people who truly love God, but have been taken in by the lie of Satan, "You can be as gods".

I'm asking that we pray for their deliverance and for the protection of the lives and people in Park County, especially those people who you see on this extensive list. That we pray for the preservation of this beautiful valley that we live in and that we be saved from the economical devastation that can be caused by the over-development of CUT property. That we be kept safe as this organization tampers with the delicate geo-thermal powers of the Yellowstone National Park. No one, not even scientists, are sure what result can happen to this delicate pressure if it is interfered with by human drilling processes.

If concentrated prayer worked for the people at "World Mission", it can work for us. Only the ministers of Park County and Christian organizations can organize and carry through such an endeavor working with your church groups and congregations. Will you stand forth and say there is right and wrong, black and white, and that while Jesus calls us to love the sinner, he does not call us to love the sin.

As I continue to do what I can, educating the public, working with public officials and the press, and most importantly, PRAYING.....Will you pray with me?
